

Grandma Betty wishes to go to the park to feed the ducks, but there is one problem, she thinks that it will be too busy.

The app tells her that it actually is not that busy

Because of this, she knows that when she gets too the park she will be able to have a good time feeding the ducks

Grandma Betty has an idea though, she remembered that she downloaded an app that tells her how busy a public place will be.

Finally, the app prompts her with the question of how busy the park is to help better the accuracy of the app.
